

Dear donor,

These are chaotic times, inside and outside of us. That is why it is so important to preserve and spread Niek's ideas. Through his exercises we can anchor ourselves and we do not have to blame the outside world.

Love aggression depression 6th edition

The new edition is ready and has become very beautiful. It is nice that Niek knew that it was working in progress and has shed his light on certain matters. As you can see, the original cover is back. Thank you for your donations that made the new edition possible. Several copies have now been printed.

Practical workbook

There is a workbook with all the exercises and handles that Niek has developed, made by Helma and Jeanne, therapists from Bergeijk (NL). They have given permission to the foundation to translate it into English, so that therapists in America and Greece can also take note of it.

Archive

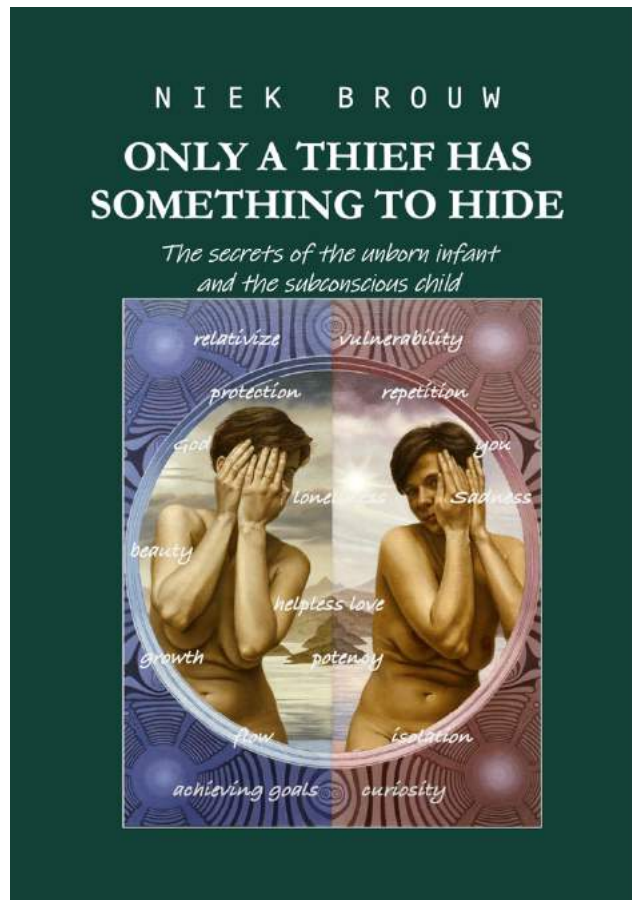

The archive still contains a few courses or lectures, the text of which has been worked out, but search terms still need to be distilled from them for the sake of the accessibility of the archive. A start has already been made on this.

Website

A change has been made to the website so that the booklets can be ordered more easily outside the Netherlands.

Translation of 'Only a thief hides' into English

This project is nearing its conclusion; we expect it to be completed after the summer.

We hope that summer will still live up to its name!

Kind regards,

Valerie van Burk, Rens Looij and Mim van der Meij,
