

**Foundation  
for Motor development    Annual Report 2024  
Niek Brouw**

It certainly was not a year like previous years: on May 5, 2024 we said goodbye to Niek, he went to the other world, which, as we know, he already knew well. He was still able to shed light on various matters. We learned a lot from him and can now let the seeds he planted with the board develop, so that we can continue the work of the foundation in his spirit.

The board of the foundation has also remained unchanged this year. That is very pleasant for the progress of our work. The members of the board are Valerie Burk, general board member, Rens Looij, treasurer and Mim van der Meij, chair and secretary.

The board met each other five times this year. In addition, we met with Martine and Vitaal.nl three times this year, so that we could keep up to date with what everyone is doing and support each other if necessary.

We kept you informed of our work by sending you newsletters, 3, this year.

In addition to current affairs, there were also a number of larger projects this year. The 3rd edition of Love aggression depression has been published, published by the foundation. We were still able to discuss this with Niek.

The Greek translation of 'Only a thief hides' is ready and a publisher has been found. All this by the Greek initiator Giorgios Makris. As soon as we receive a message from him that it is for sale, we will place it on our website.

The English translation of 'Only a thief hides' will be finished in 2025, it is being worked on very hard and carefully.

There has been intensive contact with Rob Erteman about his published book 'On living with pets'. We expect and look forward to continued cooperation with him in 2025.

Rens has described the work of the foundation, especially the administrative processes and the technical aspects, so the work of the foundation has become transferable, that manual has also been included in the archive.

The project "sheets" has been completed. This means that all of Niek's handouts, sheets and PowerPoint slides are now included in the archive.

Furthermore, we select search terms from written courses, so that therapists can more easily find the subjects they want to read more about in preparation for their courses.

The sale of books and CDs is going well, a great way to spread Niek's work.

1900 people visited our website this year, mainly from the Netherlands, the United States and Greece. They mainly read Niek's biography, the developmental motor skills and looked at the therapists.

#### Finally and financially

An eventful year has come to an end. You will find the annual financial report from our treasurer. It has been audited by our accountant

Our thanks for your support

Valerie Burk, Rens Looij and Mim van der Meij
